

5000 Exec Pro

The flexibility of a compact unit,
with the power and unique features
of a professional air cleaner.

Don't sacrifice power for portability.

The 5000 Exec Pro features 5 stages of filtration to neutralize chemicals, gases, mold spores, tough odors and particles.

1. Easy-Clean Pre Filter

- Stops larger particles from clogging the HEPA.
- Can be cleaned with a vacuum.

2. HEPA

- Medical grade true HEPA filter, warm rolled to prevent cracking at the folds.
- Traps 99.97% of all airborne particles as small as 0.3 microns.

3. Carbon

- 18 lb. 2 1/2" Mac-B[™] granulated virgin carbon bed for maximum dwell time and adsorption.

4 & 5. Anti-Microbial Filters

- Two anti-microbial filters prevent the growth of microorganisms

Professional features for maximum job-site efficiency.

- Quick attach negative air duct
- 400 CFM's
- 3 speeds
- One person portability
- Industrial steel housing with powder coated "Dura" finish
- Safety strip and color for maximum visibility
- Solid handles and industrial wheels
- Changes air in a 1200 sq. ft. room every 30 minutes
- Specialty carbon blends for specific disaster related chemicals
- Cost-efficient and easy to maintain

More Features. More Filtration. Better Value. Guaranteed !

More About our Exceptional 5000 Pro Series

5000 Pro Exec UV

All the features of the Exec with the added power of a UV germicidal lamp. Ideal for mold abatement.

5000 Pro H

Ideal for use in dust control or heavy particle abatement. This is a HEPA only unit.

5000 Pro D

Extra tough cleaning for jobs where significant levels of airborne chemicals, gases, odors or mold spores are among the main problems.

This air cleaner features an extra-deep 22 lb. carbon bed, which increases dwell time, allowing more chemicals, gases and odors to be adsorbed.

Superior Quality & Reliability

AllerAir's Pro series units are built to last and designed for minimal downtime and easy maintenance.

Exceptional Portability

Size does matter. Moving your air cleaner shouldn't be a job in itself. The 5000 Pro Series features all the power you'd expect in a professional unit, re-engineered to be compact and one-person -portable. These tough units can also be easily maneuvered into small spaces.

State-of-the-Art Filtration at an Affordable Price

The AllerAir name guarantees you more filtration, more features at a better value than the competition. We're experts in air cleaning from residential and commercial units to large scale industrial cleaning. Ask an air quality expert to customize a unit for your specialized abatement needs. We have over 40 blends of carbon available.

Professionals rely on AllerAir for fast, efficient particle and chemical abatement.
